

Eddy Collado

Denver, CO | Phone : (954) 804-2372 | eddcollado@gmail.com

Front-End / UI Engineer specializing in enterprise-scale web platforms and component-driven architecture.

5+ years of experience delivering production-ready solutions across AEM, React, Magento, and cloud-integrated systems. Known for owning complex initiatives end-to-end—from system design and component architecture to performance optimization, accessibility, and data privacy compliance. Strong track record of reducing technical complexity, improving UX and maintainability, and collaborating cross-functionally in fast-paced Agile environments. Particularly effective at bridging design, engineering, and platform constraints to deliver scalable, long-term solutions.

KEY SKILLS

Technical Skills: Front-End Development, UI/UX Engineering, Design Systems, Accessibility (WCAG), Responsive Web Design, Enterprise AEM Development, React.js, Next.js, TypeScript, HTML5/CSS3/JavaScript, GSAP & Web Animations, Adobe Experience Manager (HTL, Sling Models, Clientlibs), Adobe Target, Magento, Tailwind CSS, MutationObserver, Performance Optimization, Lighthouse/PageSpeed, PII & Analytics Compliance (Quantum Metric), Modular Architecture, Clean Architecture, Design Patterns, OOP, SOLID, Git Version Control, Code Review, CI/CD, Unit Testing, Analytics & Monitoring

Business: Leadership, Conflict Management, Managing People, Mentorship, Agile Methodologies, Business Alignments, Time Management

WORK EXPERIENCE

EchoStar (DISH) · Denver, Colorado · Full-time · On-Site

Engineer II - Software Engineer

Denver, Colorado

July 2025 – Present

- Developing and maintaining enterprise front-end experiences for BoostMobile.com using JavaScript, React, Next.js, and AEM.
- Leading front-end enhancements with a focus on performance, accessibility, and long-term maintainability.
- Supporting experimentation and personalization efforts while ensuring compliance with analytics and data privacy requirements.
- Collaborating cross-functionally with product, QA, and design partners within Agile delivery cycles.
- Contributing to a modern, component-driven architecture across platforms.

EchoStar (DISH) · Denver, Colorado · Full-time · On-Site

Senior Front-End UI/UX Developer

Denver, Colorado

Jan 2024 – Jun 2025

- Designed and implemented reusable React and TypeScript components supporting Boost Mobile and SMB digital experiences across desktop and responsive breakpoints.
- Delivered significant UI and architectural improvements to internal and customer-facing platforms, improving maintainability, performance, and UX consistency.
- Built a custom AEM Device Specific Content component using Sling Models, HTL, Touch UI dialogs, and clientlibs to support device-aware rendering without external personalization dependencies.
- Developed robust client-side device detection logic, handling real-device UAs, responsive breakpoints, QA tooling edge cases, and safe fallbacks.
- Implemented Quantum Metric PII encryption across Magento dashboard templates, ensuring analytics compliance while preserving usability and fixing over-encryption issues.
- Developed high-performance JavaScript utilities (MutationObservers and event handling logic) to safely manage dynamic DOM content in live environments.

- Collaborated closely with backend, AEM, QA, and product teams to debug complex issues, unblock releases, and deliver stable, production-ready solutions.

OneTen-Creative (DISH) · Denver, Colorado · Full-time · Hybrid

Junior Front-End Developer

Denver, Colorado

Apr 2021 – Dec 2023

- Lead front end web developer building Ontechsmartservices utilizing Shopify Backend and Shogun Frontend.
- Implemented Greensock(GSAP) capabilities as well as building new components from scratch with HTML & CSS, leading to OnTechs first \$1,000,000 week in sales.
- Utilized Flashtalking platform to build DCOs using HTML, CSS & JavaScript. Implemented the Greensock(GSAP) Library for additional animation capabilities, providing eye popping animations to catch the users eye, all using Javascript.
- Utilized Wordpress in conjunction with the Divi theme to build the OneTen-Creative Agency Homepage and career site.

Terraslate · Denver, Colorado · Full-time · On-site

Production Manager/Graphic Design Specialist

Denver, Colorado

Oct 2017 - Sep 2018

- Managed a team of producers designing original brochures and menus using waterproof and tearproof paper.
- Designed and facilitated production of restaurant menus, ensuring high-quality and timely delivery.
- Led team collaboration to incorporate best design practices into production workflows.

CERTIFICATIONS

- Certified Scrum Master (CSM), Scrum Alliance
- Agile Team Facilitator (ICP-ATF), ICAgile
- Full Stack Web Development, University of Denver
- Certified AEM Developer, Adobe

EDUCATION

Florida State University

Bachelor of Arts

Tallahassee, Florida

Dec 2014

Relevant Coursework: Adobe Suite, Print Media, Web Development, Data Analysis, Software Engineering, Operating Systems, Algorithms, Artificial Intelligence.

Certification in Full Stack Web Development

Certification

Denver, Colorado

Nov 2019 - June 2020

Relevant Coursework: Design Patterns, HTML5, CSS3, JavaScript (ES6+), jQuery, Responsive Design, Bootstrap, Tailwind, Handlebars, Firebase, Cookies, Local Storage, React.js, Heroku, Git, MySQL, MongoDB, Express.js, Security and Session Storage, User Authentication, MERN Stack, Mocha and Chai testing.
